PROFESSIONAL SUMMARY

Aspiring web developer with a strong passion for creating impactful and innovative web applications. Eager to contribute to dynamic development teams while continuously learning and adapting to emerging industry trends. Dedicated to building efficient, user-focused solutions and growing into a proficient full-stack developer.

SKILLS

Programming Languages: PHP, JavaScript.

Frameworks & Libraries: Laravel, Tailwind CSS, Bootstrap, Inertia JS, React JS, and Typescript

Web Technologies: Knowledgeable in MySQL, CSS, HTML, Git, and RESTful API

Development Tool: Visual Studio Code

EXPERIENCE

Full Stack Developer Intern   February 2025 – May 2025

Techniqal Group Management Consultancy Services

Tech Stack: HTML, Tailwind CSS, Inertia JS, React JS, and Laravel

- Contributed to the development of an Inventory Management System with a Point of Sale (POS) module.
- Implemented key features to track stock levels, manage item costs, and ensure accurate pricing.
- Utilized technologies including Laravel, React JS, Inertia JS, and MySQL to build responsive and scalable modules.

PROJECT

Itemaster – Inventory & POS System

Developer (Intern)

Tech Stack: HTML, Tailwind CSS, Inertia JS, React JS, and Laravel

- Contributed to the development of an inventory system with a point-of-sale (POS) module that tracks stock levels and manages item costs for accurate pricing. The system streamlines inventory control and cost management.

Bili-Nao-Reviving Traditional Crafts Through Authentic Online Webstore- (Capstone Project)

Developer & Designer

Tech Stack: HTML, Tailwind CSS, Inertia JS, React JS, and Laravel

- Built a full-featured e-commerce platform for traditional crafts and local artisans in Bolinao, Pangasinan.
- Designed and implemented responsive user interfaces for product browsing, filtering, and shopping cart management.
- Integrated authentication, seller dashboards, and secure checkout processes.
- Created a custom admin panel for managing products, orders, and seller credentials.

Personal Portfolio – [Carl Gabrielle Portfolio](#)

Developer & Designer

Tech Stack: HTML, Tailwind CSS, GSAP, and React JS

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, and professional background.
- Implemented smooth animations using GSAP for interactive and engaging user experiences.
- Highlights real-world projects such as e-commerce platforms and web applications built during academic and internship experiences.
